SUBJECT INDEX*

A

Adrenal cortical hyperplasia, congenital, female pseudohermaphroditism due to, with associated Addisonian-like symptoms (Mazursky and Sawan), 789
cysts and adrenal insufficiency in infant with fatal termination (Moore, II, and Cermak), 91
Agglutinogen, pertussis, skin test, use of, during active infection with whooping cough (Kohn et al.), 614
Agranulocytosis following Tridione, aureomycin in staphylococcemia, complicating (Arnold), 647
Aleut children, health and growth of (Wilde), 149
Amytonia congenita, mongolism, and cretinism, glycogen disease resembling (Clement and Godman), 11
Anemia, sickle-cell, in young infants (Black), 621
Anorectal stricture, congenital (Brown and Schoen), 746
Antibiotics, effect of, on virus of primary atypical pneumonia: laboratory studies (Blattner), 532
Antibodies, inherited, effect of, on active immunization of infants (Greenberg and Fleming), 143
Apple syrup as carbohydrate for infant feeding: naturally fortified milk modifier, clinical studies (Wolman et al.), 594
laboratory studies (Spur et al.), 588
Arteriovenous fistula, congenital, of cervical vertebral vessels with heart failure in infant (Norman et al.), 598
Aural fistula, congenital (Scott and Wooding, Jr.), 784
Aureomycin and chloramphenicol (Chloromycetin), Rocky Mountain spotted fever treated with (Reilly and Earle), 306
typhoid fever in infant complicated by typhoid meningitis treated with (Ripy), 376
and streptomycin, use of, for Friedländer's pneumonia with multiple lung abscesses (Gruber et al.), 237
in staphylococcemia, complicating agranulocytosis following Tridione (Arnold), 647
molluscum contagiosum treated with (Vollmer), 797
pertussis treated with (Chang et al.), 443

B

Bacterial flora, aerobic, of throat in newborn babies, development of (Smith and Bloomfield), 51
BCG vaccination, immunologic aspects of: strictly controlled study in infants from tuberculous households (Rosenthal), 399
Bile duct, common, idiopathic dilatation of, clinic on (Children's Hospital of Michigan), 247
obstruction of, due to fibrous tumor of pancreas, clinic on (Children's Hospital of Michigan), 251
Blood from female donors, use of, in treatment of erythroblastosis fetalis (Blattner), 135
sugar values in premature infants (Norval), 177
Book Reviews:
Abraham Levinson anniversary volume, 139
Allergy in relation to otolaryngology (Hansel), 684
American pediatric directory, 1949-1950 (Smith, ed.), 396
Children with mental and physical handicaps (Wallin), 536
Clinical ACTH (Mote, ed.), 831
Dental caries: clinical and experimental investigations (Ockerse), 138
Ecology of health (Corwin, ed.), 269
Epilepsy and convulsive disorders in children (Bridge), 139
For the new mother (Hardcastle), 269
From the hills (Zahorsky), 396
Healthy babies are happy babies (Kenyon and Russell), 536
Hemolytic disease of the newborn (Pickles), 832
If you have a deaf child, 535
Malnutrition and starvation in western Netherlands, 832
Medicine throughout antiquity (Gordon), 139
Mental hygiene in public health (Lemkau), 684
Mobilization of the human body (Billig, Jr., and Loewendahl), 536
Morbo di Cooley (Maggioni and Ascenzi), 269
Morbus Caeruleus: analysis of 114 cases of congenital heart disease with cyanosis (Manheimmer, ed.), 396
1949 Year book of pediatrics (Poncher and Richmond, eds.), 139
Primer of allergy (Vaughan and Black), 832

*January, pp. 1-142; February, pp. 143-270; March, pp. 271-398; April, pp. 399-538; May, pp. 539-686; June, pp. 687-836.

Book Reviews—Cont'd
Problems of infancy and childhood, 535
The rubella problem in the light of Dutch experiences (Kamerbeek et al.), 684
Bronchographic technique, simple, safe, for children (Miller et al.), 721

C

Carrot soup in treatment of infantile diarrhea (Selander), 742
Cesarean infants, death of, theory as to its cause and method of prevention (Landau et al.), 421
Child training practices, sixty years of (Stendler), 122
Chloromycetin (chloramphenicol) and aureomycin, Rocky Mountain spotted fever treated with (Reilly and Earle), 306
typhoid fever in infant complicated by typhoid meningitis treated with (Ripy), 376
typhoid fever and paratyphoid fever treated with, four cases of (Birdsong et al.), 310
in fourteen children treated with (Reilly and Harrel, Jr.), 440
Clinical Conferences:
Children's Hospital of Michigan: clinic on idiopathic dilatation of common bile duct (choledochal cyst), 247; obstruction of common duct due to fibrous tumor of pancreas, 251; acute hypertension, probably secondary to infarctions within congenitally hypoplastic kidney, 254; polycystic disease of kidneys, 259
Mount Sinai Hospital of New York: clinic on Henoch-Schönlein purpura with nephritis, 810; periarteritis nodosa in 11-year-old boy, 813; dermatomyositis, 817; lupus erythematosus disseminatus, 820
St. Christopher's Hospital for Children, Philadelphin, Pa.: clinic on probable periarteritis nodosa (polyarteritis), with complications, and residua of Jacksonian epilepsy and personality changes, 515; thrombosis of renal vein with infarction of kidney, 519; torsion of Fallopian tube and ovary with infarction of ovary, 521
Comments on Current Literature:
effect of antibiotics on virus of primary, atypical pneumonia: laboratory studies, 532
new soluble sulfonamide, 392
prophylaxis and early treatment of infections in newborn infant, 265
streptococcal enzymatic débridement, 827
use of blood from female donors in treatment of erythroblastosis fetalis, 135
Contagious diseases, common, pre-eruptive neurological complications of (Holliday, Jr.), 185
Cretinism and mongolism in same family (Gronemeyer), 656
mongolism, and amytonia congenital, glycogen disease resembling (Clement and Godman), 11
Cytomegalic inclusion disease, generalized (Wyatt et al.), 271

D

Deaf child (R. Bakwin), 668
Débridement, streptococcal enzymatic (Blattner), 827
Dental caries, pediatrician's responsibility in prevention of (Rovelstad), 687
Dermatomyositis, clinic on (Mount Sinai Hospital of New York), 817
Diarrhea, infantile, associated with Pseudomonas aeroginosa, observations on small outbreak of (Florman and Schifrin), 758
carrot soup in treatment of (Selander), 742
study of three hundred cases of, in infants and children during the summer and fall of 1948 (Levinson and Raycraft), 316
Dilantin poisoning, acute, accidental, complete recovery in nonepileptic child (Price and Frank), 652
Dilatation, idiopathic, of common bile duct, clinic on (Children's Hospital of Michigan), 247

E

Edema associated with temporary idiopathic hypoproteinemia (Hertzog and Faust), 641
Editor's Column:
ancient rite of circumcision, 685
Dr. John P. Hubbard, 398
iron poisoning, 397
model medical reporting, 270
profession and the "service state," 140
retrolental fibroplasia, 833
roseola infantum (exanthem subitum), 141
tracheotomy in bulbar poliomyelitis, 537
vital statistics (1948), 686
Electrocardiograms of one hundred normal infants and young children (Tudbury and Atkinson), 466
Q-T_c interval in, in rheumatic fever, study of (Epstein and Gardam), 583
Electroencephalographic findings in acute nephritis (Hughes et al.), 451
in measles encephalitis (Hodes and Livingston), 577
Emphysema, acute pulmonary interstitial and mediastinal (airblock), and pneumothorax in infancy and early childhood (Abramson et al.), 774
Endocarditis, fetal, manifested clinically by total heart block (Stadler et al.), 370

Epilepsy, use of Phenurone in treatment of (Livingston and Kajdi), 159
Epiphyseal destruction by frostbite (Thelander), 105
Erythroblastosis fetalis, intelligence quotient of children who have recovered from (Gerver and Day), 342
use of blood from female donors in treatment of (Blattner), 135

F

Fallopian tube and ovary, torsion of, with infarction of ovary, clinic on (St. Christopher's Hospital for Children), 521
Fetal virus infection, early, congenital malformations with severe damage to central nervous system due to (Lande), 625
Fibroelastosis, prenatal ("fetal endocarditis"), manifested clinically by total heart block (Stadler et al.), 370
Fluoroscopic examination of infants, table unit for (Maliner), 228
Folic acid antagonists, treatment of acute leucemias of childhood with (Weber et al.), 69
Friedländer's pneumonia with multiple lung abscesses: recovery following use of streptomycin and aureomycin (Gruber et al.), 237
Frostbite, epiphyseal destruction by (Thelander), 105

G

Galactose diabetes (galactosemia) (Bell et al.), 427
Gantrosan or Gantrisin, new soluble sulfonamide (Blattner), 392
Glioma, nasal, extranasal type of (Miller and Neidhardt), 798
Glycogen disease resembling mongolism, cretinism, and amytonia congenita (Clement and Godman), 11

H

Heart failure, congestive, in utero (Rader and Goodman), 230
Hemophilus pertussis, antibiotic spectrum of (Wells et al.), 752
Hemorrhagic disease in infant, unusual case of (Nickerson), 96
Henoch-Schönlein purpura with nephritis, clinic on (Mount Sinai Hospital of New York), 810
Hepatoma, primary, in infancy (Sawyer), 508
Hernia, diaphragmatic, through foramen of Morgagni (DeNicola and Vracin), 100
inguinal, in three-month-old infant containing adnexa (Schiebel), 646
Histoplasmosis, generalized, in infants and children (Klingberg), 728
Hyaluronidase (Schwartzman and Levbarg), 79
Hypertension, acute, probably secondary to infarctions within congenitally hypoplastic kidney, clinic on (Children's Hospital of Michigan), 254
Hypoproteinemia, temporary idiopathic, edema associated with (Hertzog and Faust), 641

I

Ichthyosis fetalis gravis in two successive pregnancies (Bustamante and Tejeda), 501
Imbecility, Mongoloid, in newborn infant, incidence of (Parker), 493
Immunization, active, of infants, effect of inherited antibodies on (Greenberg and Fleming), 143
Impatency of nasolacrimal duct, congenital, incidence of (Kendig, Jr., and Guerry, III), 212
Inclusion disease, cytomegalic, generalized (Wyatt et al.), 271
Infancy and early childhood, acute pulmonary interstitial and mediastinal emphysema (airblock) and pneumothorax in (Abramson et al.), 774
early, sulfonamide dosage in (Richmond et al.), 539
myocardial fibrosis in (Schefrin), 360
otitis media in, treatment with streptomycin (Carithers), 767
primary hepatoma in (Sawyer), 508
Infant, adrenal cysts and adrenal insufficiency in, with fatal termination (Moore, II, and Cermak), 91
congenital arteriovenous fistula of cervical vertebral vessels with heart failure in (Norman et al.), 598
feeding, apple syrup as carbohydrate for: naturally fortified milk modifier, clinical studies (Wolman et al.), 594
laboratory studies (Spur et al.), 588
hemorrhagic disease in, unusual case (Nickerson), 96
three-month-old, inguinal hernia in, containing adnexa (Schiebel), 646
typhoid fever in, complicated by typhoid meningitis, treated with Chloromycetin and aureomycin (Ripy), 376
Infants and children, generalized histoplasmosis in (Klingberg), 728
study of three hundred cases of diarrhea in, during summer and fall of 1948 (Levinson and Raycraft), 316
and young children, electrocardiograms of one hundred normal (Tudbury and Atkinson), 466
cesarean, death of, theory as to its cause and method of prevention (Landau et al.), 421

Infants—Cont'd
thrombosis of renal vein in (McClelland and Hughes), 214
under six months of age, poliomyelitis in, report of ten cases of (Mouton et al.), 482
young, sickle-cell anemia in (Black), 621
Infections, in newborn infant, prophylaxis and early treatment of (Blattner), 265
Intelligence quotient of children who have recovered from erythroblastosis fetalis (Gerver and Day), 342

K

Kidneys and bones, calcium oxalate crystals in, nephrolithiasis and nephrocalcinosis with (Davis et al.), 323
congenitally hypoplastic, infarctions within, acute hypertension probably secondary to, clinic on (Children's Hospital of Michigan), 254
polycystic disease of, clinic on (Children's Hospital of Michigan), 259

L

Lateral dominance, right- and left-handedness (Bakwin), 385
Leucemias, acute, of childhood, treatment of, with folic acid antagonists (Weber et al.), 69
Loeffler's syndrome with skin manifestations (Jones and Ogle), 505
Lung abscesses, multiple, Friedländer's pneumonia with: recovery following use of streptomycin and aureomycin (Gruber et al.), 237
Lupus erythematosus disseminatus, clinic on (Mount Sinai Hospital of New York), 820
Lymphocytosis, infectious (Lemon and Kaump), 61
Lysozyme, urinary, identification and measurement (Wilson), 39
lysozymuria in children with nephrotic syndrome (Wilson and Hadley), 199
in healthy children and in children with miscellaneous diseases (sex difference) (Wilson and Hadley), 45

M

Malformations, congenital, with severe damage to central nervous system due to early fetal virus infection (Lande), 625
Maturation, ossification of metacarpal and metatarsal centers as measure of (Milman and Bakwin), 617
Measles encephalitis, electroencephalographic findings in (Hodes and Livingston), 577
in childhood, purpuric manifestations occurring in (Mills), 35
modified, result in lasting immunity? (Karelitz), 697
Medical Progress:
diagnosis of surgical conditions of newborn infant (Weiner and Richmond), 107
thoracic surgery in pediatrics (Buckles), 658
Meningitis, tuberculous, cystic tuberculosis of bone complicated by (Kutz et al.), 550
in children, streptomycin and Promizole combined therapy in (Su and Wu), 295
typhoid, typhoid fever in infant complicated by, treated with Chloromycetin and aureomycin (Ripy), 376
Methyl testosterone and plasma for premature infants (Earle), 87
Milk modifier, naturally fortified: apple syrup as carbohydrate for infant feeding, clinical studies (Wolman et al.), 594
laboratory studies (Spur et al.), 588
Molluscum contagiosum treated with aureomycin (Vollmer), 797
Mongolism and cretinism in same family (Gronemeyer), 656
cretinism, and amytonia congenita, glycogen disease resembling (Clement and Godman), 11
Mongoloid imbecility in newborn infant, incidence of (Parker), 493
Myocardial fibrosis in infancy (Schefrin), 360

N

Nailbiting—review (Massler and Malone), 523
Nasal glioma, extranasal type of (Miller and Neidhardt), 798
Neoplasms, thyroid, in youth (Dailey and Lindsay), 460
Nephritis, acute, electroencephalographic findings in (Hughes et al.), 451
Henoch-Schönlein purpura with, clinic on (Mount Sinai Hospital of New York), 810
Nephrocalcinosis with calcium oxalate crystals in kidneys and bones (Davis et al.), 323
Nephrolithiasis and nephrocalcinosis with calcium oxalate crystals in kidneys and bones (Davis et al.), 323
Nephrotic syndrome, lysozymuria in children with (Wilson and Hadley), 199
Neurological complications, pre-eruptive, of common contagious diseases—rubella, rubeola, roseola, and varicella (Holliday, Jr.), 185
Newborn infants, development of, aerobic bacterial flora of throat in (Smith and Bloomfield), 51
incidence of Mongoloid imbecility in (Parker), 493
infections in, prophylaxis and early treatment of (Blattner), 265

Newborn infants—Cont'd
pneumothorax in (Strain and Connell), 495
surgical conditions of, diagnosis of (Weiner and Richmond), 107
News and notes, 137, 267, 394, 534, 683, 830

O

Operations, pyschic trauma of (Bakwin), 262
Ossification of metacarpal and metatarsal centers as measure of maturation (Milman and Bakwin), 617
Osteogenesis imperfecta congenita (Scott and Wooding, Jr.), 381
Otitis media in infancy, treatment with streptomycin (Carithers), 767

P

Paralysis, respiratory, from anterior poliomyelitis, use of positive pressure as aid in handling of (Masland et al.), 31
Paratyphoid and typhoid fever, four cases treated with Chloromycetin (Birdsong et al.), 310
Periarteritis nodosa associated with ratbite fever due to Streptobacillus moniliformis (erythema arthriticum epidemicum) (Prouty and Schafer), 605
in 11-year-old boy, clinic on (Mount Sinai Hospital of New York), 813
probable, with complications, and residua of Jacksonian epilepsy and personality changes, clinic on (St. Christopher's Hospital for Children), 515
Pertussis agglutinogen skin test, use of, during active infection with whooping cough (Kohn et al.), 614
aureomycin treatment of (Chang et al.), 443
Hemophilus, antibiotic spectrum of (Wells et al.), 752
Phenurone, use of, in treatment of epilepsy (Livingston and Kajdi), 159
Phosphatase activity, "alkaline," plasma, normative data for growing children (Clark, Jr., and Beck), 335
Plasma "alkaline" phosphatase activity, normative data for growing children (Clark, Jr., and Beck), 335
Pneumonia, atypical, primary, effect of antibiotics on virus of: laboratory studies (Blattner), 532
Friedländer's, with multiple lung abscesses: recovery following use of streptomycin and aureomycin (Gruber et al.), 237
Pneumothorax and acute pulmonary interstitial and mediastinal emphysema (airblock) in infancy and early childhood (Abramson et al.), 774
in newborn infant (Strain and Connell), 495
Poisoning, Dilantin, acute, accidental, complete recovery in nonepileptic child (Price and Frank), 652
potassium bromate (Robertson et al.), 241
Poliomyelitis, acute, some debated points in treatment of (Stimson), 704
anterior, respiratory paralysis from, use of positive pressure as aid in handling (Masland et al.), 31
in infants under six months of age, report of ten cases of (Mouton et al.), 482
Priscoline for pain in (Reilly and Barsanti), 711
serum potassium in (Earle), 715
Polycystic disease of kidneys, clinic on (Children's Hospital of Michigan), 259
Potassium bromate poisoning (Robertson et al.), 241
Premature infant weighing 822 grams, report on (Scott and Bourne), 512
infants, blood sugar values in (Norval), 177
methyl testosterone and plasma for (Earle), 87
Priscoline for pain in poliomyelitis (Reilly and Barsanti), 711
Promizole and streptomycin combined therapy in tuberculous meningitis in children (Su and Wu), 295
Propyl thiouracil and subtotal thyroidectomies, juvenile thyrotoxicosis treated with (Altman), 244
Pseudohermaphroditism, female, due to congenital adrenal cortical hyperplasia with associated Addisonian-like symptoms (Mazursky and Sawan), 789
Pseudohypoparathyroid tetany (Bakwin et al.), 567
Pseudohypoparathyroidism (Seabright bantam syndrome) (Lowe et al.), 1
Pseudomonas aeruginosa, infantile diarrhea associated with, observations on small outbreak of (Florman and Schifrin), 758
Psychic trauma of operations (Bakwin), 262
Psychologic Aspects of Pediatrics:
deaf child (R. Bakwin), 668
lateral dominance, right- and left-handedness (Bakwin), 385
nailbiting—review (Massler and Malone), 523
psychic trauma of operations (Bakwin), 262
psychoses in children—review (Lurie and Lurie), 801
sixty years of child training practices (Stendler), 122
Psychoses in children—review (Lurie and Lurie), 801
Purpura, Henoch-Schönlein, with nephritis, clinic on (Mount Sinai Hospital of New York), 810
Purpuric manifestations occurring in measles in childhood (Mills), 35

R

Ratbite fever due to Streptobacillus moniliformis (erythema arthriticum epidemicum), periarteritis nodosa associated with (Prouty and Schafer), 605
Renal vein, thrombosis of, in infants (McClelland and Hughes), 214
with infarction of kidney, clinic on (St. Christopher's Hospital for Children), 519
Rheumatic fever, Q-T_c interval in electrocardiogram in, study of (Epstein and Gardam), 583
reactivation of, by smallpox vaccination (Freud et al.), 635
Rocky Mountain spotted fever treated with chloramphenicol and aureomycin (Reilly and Earle), 306
Roseola, pre-eruptive neurological complications of (Holliday, Jr.), 185
Rubella, pre-eruptive neurological complications of (Holliday, Jr.), 185
Rubeola, pre-eruptive neurological complications of (Holliday, Jr.), 185

S

Serum potassium in poliomyelitis (Earle), 715
Sickle-cell anemia in young infants (Black), 621
Smallpox vaccination, reactivation of rheumatic fever by (Freud et al.), 635
Staphylococcemia, aureomycin in, complicating agranulocytosis following Tridione (Arnold), 647
Streptococcal enzymatic débridement (Blattner), 827
Streptomycin and aureomycin, use of, for Friedländer's pneumonia with multiple lung abscesses (Gruber et al.), 237
and Promizole combined therapy in tuberculous meningitis in children (Su and Wu), 295
otitis media in infancy treated with, 767
Sulfonamide dosage in early infancy (Richmond et al.), 539
soluble, new (Blattner), 392
Surgical conditions of newborn infant, diagnosis of (Weiner and Richmond), 107
Symmetro-tonic behavior, tonic-neck-reflex and: developmental and clinical aspects (Gesell and Ames), 165

T

Teeth, natal and neonatal (Massler and Savara), 349
Tetany, pseudohypoparathyroid (Bakwin et al.), 567
Thoracic surgery in pediatrics (Buckles), 658
Thrombosis of renal vein in infants (McClelland and Hughes), 214
with infarction of kidney, clinic on (St. Christopher's Hospital for Children), 519
Thyroid neoplasms in youth (Dailey and Lindsay), 460
Thyrotoxicosis, juvenile, treated with propyl thiouracil and two subtotal thyroidectomies (Altman), 244
Tonic-neck-reflex and symmetro-tonic behavior: developmental and clinical aspects (Gesell and Ames), 165
Torsion of Fallopian tube and ovary with infarction of ovary, clinic on (St. Christopher's Hospital for Children), 521
Toxoplasmosis, congenital, addendum to case report of (Schwartzman), 655
in nine-year-old girl (Freeman and Pryor), 365
Training practices, child, sixty years of (Stendler), 122
Tridione, aureomycin in staphylococcemia, complicating agranulocytosis following (Arnold), 647
Tuberculosis, cystic, of bone, complicated by tuberculous meningitis (Kutz et al.), 550
Tuberculous households, infants from, immunologic aspects of BCG vaccination (Rosenthal), 399
meningitis, cystic tuberculosis of bone complicated by (Kutz et al.), 550
streptomycin and Promizole combined therapy in (Su and Wu), 295
Tumor, fibrous, of pancreas, obstruction of common duct due to, clinic on (Children's Hospital of Michigan), 251
Typhoid fever and paratyphoid fever, four cases treated with Chloromycetin (Birdsong et al.), 310
in fourteen children treated with chloramphenicol (Reilly and Harrel, Jr.), 440
in infant complicated by typhoid meningitis, treated with Chloromycetin and aureomycin (Ripy), 376

U

Urinary lysozyme, identification and measurement (Wilson), 39
lysozymuria in children with nephrotic syndrome (Wilson and Hadley), 199
in healthy children and in children with miscellaneous diseases (sex difference) (Wilson and Hadley), 45

V

Vaccination, BCG, immunologic aspects of: strictly controlled study in infants from tuberculous households (Rosenthal), 399
smallpox, reactivation of rheumatic fever by (Freud et al.), 635
Varicella, pre-eruptive, neurological complications of (Holliday, Jr.), 185
